Hold on the Devils Swamp until I get further clarification from Carlene. I will get the mailing list from the contractor to forward.

Kim,

I will need this fact sheet mailed to the Devils Swamp lake mailing List which Donn will have to get from CH2M Hill. Please check for errors in wording 67/or formatting. There is no emergency just as soon as you can get to it.

I need the two posters for Wilcox by next Wednesday May 13, because Katrina is leaving early for the site and will be taking them with her. I will be combining them with other materials.

Thanks,
Bill
